TECH TIP

Editing Text

* On your keyboard, there's a difference between the Backspace and Del keys. Press Backspace to delete the typed character to the left of the blinking 857-4743 insertion-point cursor, as usual. Pressing Del, however, removes the character to its right.

* In Microsoft Word, when you paste in text from another document—say, a Web site—you may not want all the boldface, colors, fonts and other formatting from the original source. Instead of using the regular Paste command, in that case, open the Edit menu and click Paste Special. Click Unformatted Text. You'll get just the text, without the fanciness.

E-Solutions

E-Solutions is an electronic newsletter that is filled with helpful computer how to's and solutions. E-Solutions includes articles like Facebook Warnings, computer tutorial, monthly FAQ and so much more. Don't miss out on this awesome information. Using the Guide Option

The Guide option allows you to view information on current and future programming including Channel Name & Number, a brief description of the program, rating, start and end times, and date. To access the Guide feature you can:

1. Simply press the Guide button OR press the Menu button on your Remote Control.
2. If pressing Menu, highlight Guide and press OK.
3. The program listing will default to show the text ALL in the tab above the Channel info, which will list all of the programs whether you are subscribed to them or not. You have the ability to change the tab to a different view by pressing Guide. Each time you press the Guide button the text in the tab should change. Some examples may be: Subscribed & Favorites.
4. After you have selected the view you would like, using the Directional Arrows you can highlight programs and retrieve the program information. If the program has a star in front of it, it's a new program, not a re-run. ★
5. To leave the Guide press the Exit button on your Remote Control at anytime.
6. If you find a program that you would like to view, highlight program and press OK to make the selection.

- 1/2 teaspoon salt
- 1/4 to 1/2 teaspoon ground sage
